Subject: RE: MO Question - MTO Supports to Police ServicesMenard, Laurie (MTO) <Laurie.Menard@ontario.ca>

Hi Eric: Sharing a few things below that are evolving:

- Windsor: OPP has asked for maintenance contractor equipment that they want tonight and OPP wants to commandeer to block some roads in Windsor and OPP will take liability for any damage to equipment..
 - o [REDACTED] the maintenance contractor has refused. [REDACTED] and I had a long conversation with their VP and weren't able to convince him to provide the equipment.
 - o We have reached out to the owner of a construction company [REDACTED] who I know from earlier, and asked for trucks and Temporary Concrete Barriers (TCBs) – he is looking into it and will get back to us by 9 or 9:30 pm tonight.
 - If [REDACTED] agrees to provide equipment and/ or TCBs, our approach will be to connect them with the OPP directly.
 - Just a heads-up that if [REDACTED] insists that MTO be involved, we will need DM approval to sole-source work from them.
- Tow Trucks:
 - o A [REDACTED] may be willing to provide equipment to assist in Windsor if needed.
 - o They are looking into providing unmarked tow trucks. I've asked them to look at 2 x heavy tow trucks, 2 x medium tow trucks, 4 x light flatbeds.
 - o There will be a premium cost – still working on this.
 - o Again, our approach would be to connect them with the OPP directly, but if they insist on MTO being involved, we will need DM approval to sole-source work from them.

We will keep you posted as these things develop further.

Regards,

Jasan
